

Technical drawing of a mechanical part, showing a front view and a top view.

Front View (Top): A rectangle representing the front view of the part. It features a central vertical slot. The total width is indicated by a dimension line with arrows, labeled $\phi 120$. The total height is indicated by a dimension line with arrows, labeled $\phi 15$.

Top View (Bottom): A circular view of the part. It shows two concentric circles. The outer circle represents the overall diameter, labeled $\phi 120$. The inner circle represents the diameter of the central slot, labeled $\phi 15$. Radial lines connect the center of the circles to the corners of the front view, indicating the projection of the part's geometry.
