

Technical drawing of a mechanical part, showing a cross-section and a top view.

Cross-section (Left):

- Overall width: 50
- Width of the central rectangular feature: 30
- Top surface is flat.
- Internal features include two conical holes and a central rectangular cavity.
- Dimension $\phi 30$ indicates the diameter of the central cavity.
- Dimension $3 \times 45^\circ$ indicates the angle of the conical holes.
- Dimension $2 \phi 0.5$ indicates the diameter of the small holes.
- Dimension 10 ± 0.1 indicates the height of the central rectangular feature.

Top View (Right):

- Overall width: 30
- Dimension $\phi 40$ indicates the diameter of the outer circular feature.
- Dimension $\phi 30$ indicates the diameter of the central circular feature.
