

Technical drawing of a mechanical part, showing a cross-section and a detail view.

Main Drawing:

- Section Line:** Indicated by a diagonal line labeled "A-A".
- Dimensions:**
 - Overall width: 72
 - Overall height: 148
 - Top flange thickness: 5
 - Inner hole diameter: $\phi 80$
 - Outer hole diameter: $\phi 50$
 - Radius of the outer hole: R10
 - Radius of the inner hole: R0,5
 - Radius of the fillet: R1
 - Angle of the fillet: 45°
 - Distance from the left edge to the center of the outer hole: 22
 - Distance from the center of the outer hole to the center of the inner hole: 136
 - Distance from the center of the inner hole to the right edge: 56,5
 - Distance from the center of the inner hole to the bottom edge: 20
 - Distance from the center of the inner hole to the bottom edge: 100
- Sectioning:** The part is sectioned with diagonal lines.

Detail View (Bottom Right):

- Section Line:** Indicated by a diagonal line labeled "A-A".
- Dimensions:**
 - Radius of the fillet: R0,5
 - Radius of the fillet: R1
 - Angle of the fillet: 45°
 - Distance from the center of the inner hole to the bottom edge: 3
 - Distance from the center of the inner hole to the bottom edge: 45
