

8760 JAV

Technical drawing showing two views of a mechanical part:

- The top view is a cross-section of a cylindrical component with a central hole. The outer diameter is labeled as 80. The inner hole has a diameter of 20.
- The bottom view is a perspective drawing of the same component, showing its elliptical shape. It includes dimension lines indicating the major axis length (approximately 100) and minor axis width (approximately 40). There are also labels for specific points or features on the surface, such as "A/B" and "C/D".

Below the drawings, there is a section for material specifications and dimensions:

Material: **Alu 6061-T6**

Dimensions: **Ø 80 x 100**

Weight: **0.15 kg**

Part Number: **8760 JAV**

Manufacturer: **MARCO**

Date: **01/07/2019**

Version: **1.0**
