

Technical drawing of a mechanical part, likely a valve or fitting, showing three views: a side view, a top view, and a front view. The drawing includes dimensions in millimeters and degrees. The part has a cylindrical body with a flange and a threaded section. The side view shows a diameter of 48 mm and a length of 100 mm. The top view shows a diameter of 60 mm and a flange diameter of 80 mm. The front view shows a diameter of 48 mm and a flange diameter of 80 mm. The drawing is labeled with 'МД06000001' and 'AT-519-3'.

The technical drawing shows two views of a mechanical component. The top view (front view) is at the top, and the bottom view (top view) is below it.

Top View Dimensions:

- Total width: 60
- Total height: 70
- Left section width: 20
- Right section width: 20
- Central section width: 20
- Central section height: 30
- Central section radius: R10
- Central section hole diameter: $\varnothing 10$
- Central section hole position from left edge: 10
- Central section hole position from right edge: 10
- Central section hole position from top edge: 10
- Central section hole position from bottom edge: 10

Bottom View Dimensions:

- Total width: 60
- Total height: 70
- Left section width: 20
- Right section width: 20
- Central section width: 20
- Central section height: 30
- Central section radius: R10
- Central section hole diameter: $\varnothing 10$
- Central section hole position from left edge: 10
- Central section hole position from right edge: 10
- Central section hole position from top edge: 10
- Central section hole position from bottom edge: 10

Technical drawing of a mechanical part, likely a flange or base plate, showing dimensions and a table of material properties.

Dimensions:

- Overall width: 100
- Overall height: 100
- Inner circular feature diameter: 50
- Outer circular feature diameter: 100
- Flange thickness: 10
- Base plate thickness: 10
- Base plate width: 100
- Base plate height: 100
- Base plate inner diameter: 50
- Base plate outer diameter: 100
- Base plate inner radius: 25
- Base plate outer radius: 50
- Base plate inner fillet radius: 10
- Base plate outer fillet radius: 25
- Base plate inner chamfer: 10x45
- Base plate outer chamfer: 10x45

Table:

Material	Properties	Notes
Steel	Properties	Notes
Aluminum	Properties	Notes
Copper	Properties	Notes
Brass	Properties	Notes
Cast Iron	Properties	Notes
Stainless Steel	Properties	Notes
