

Technical drawing of a mechanical part (Fig. 1.10) showing a cross-section. The part is a long, thin cylinder with a central hole. The outer diameter is $\phi 145$ and the inner diameter is $\phi 129$. The total length is 25. The central hole has a diameter of $\phi 38$ and a length of 34. The part features a fillet radius $R15$ and a central hole with a diameter of $\phi 34$. The drawing includes a section line and a dimension line for the length of the central hole.
